ERIC ZENER  
*VOYAGER*

EXHIBITION: OCTOBER 1 – 24, 2015

Eric Zener  
Voyager

The Voyager resin series portrays a single figure traveling through the vastness of a primordial oceanic space. The figure is small, isolated in a large, quiet expanse, infiltrated by occasional rays of sunshine. Eric Zener has always been intrigued by humankind's relationship with nature, from its transformational qualities to produce so much joy in us to its ability to instill fear and danger. Zener continually explores this relationship with nature through his water paintings.
